For Muslims across the globe undertaking the Hajj is an incomparable spiritual experience. Sometimes it is accompanied by considerable stresses and strains caused by unscrupulous travel operators, a confused visa regime and complex health requirements. Dealing with these issues is an unwelcome distraction from the purpose of undertaking the pilgrimage. In the past four years I have received a number of complaints from local residents about trips that have unfortunately gone wrong—often at the last minute. I have written this booklet to pull together the information I have found out over the last few years. I hope this guide will provide a useful starting point for those setting off on the Hajj.

Booking your trip—dealing with travel agents

Your notes.....

TOP TIP

You must book your trip through a travel agency that is authorised by the Saudi government. This is because the Saudi government only issues Hajj visas to the authorised agencies.

It is likely your trip will include flights. Make sure the operator you book has a current ATOL licence. Do not take the operators' word for it! Go and check on the ATOL website <http://www.caa.co.uk/> and select check an ATOL.

Make sure the specific trip you have booked is covered by the ATOL scheme. You will know that it is covered because the tour operator will give you an ATOL Certificate as soon as you pay over any money for the holiday - even if this is only a deposit. This certificate will protect you if the company goes bust.

Make sure you get a written copy of the terms of the contract for the trip—this should include a detailed itinerary, details about transport connections including flights, an appropriate contact for the agency for you to use whilst on your trip.

Back my visa campaign

GETTING A VISA

During last year's Hajj season the Saudi Government restricted the number of visas available and many people found out they would not be able to go and perform the Hajj. Some people told me they received full refunds from their agents but others told me they lost all or some of their money. I am meeting with a representative of the Saudi Government to raise these issues and to ensure that people don't get caught out again.

Visa applications should be dealt with only through a Hajj & Ummrah visa services agents

To do the Hajj you need a Hajj visa. Hajj visas are not valid for work or residency.

Hajj visas will not be issued to individuals who have performed Hajj in the last five years.

Applicants must fill in an application form, provide 2 passport-sized photos and have a current passport which is valid for 6 months

Pilgrims need a meningitis immunisation certificate. (Pilgrims must have their immunisation at least ten days before travelling)

All females should be accompanied by a Mahram (husband, father, uncle, adult son, brother or nephew.) The accompanying Mahram must be at least **17 years old**.

All non-UK passport holders must have permanent residency in the UK.

Children can accompany their parents on the Hajj. Children and women under 45 must be accompanied by a Mahram.

Each authorised agent will be given a specific number of Hajj visas for the season.

Health & Vaccinations

Checklist and useful contacts

The Saudi Ministry of Health has established a number of requirements that must be met by visitors to obtain an Entry Visa for Hajj and Ummrah in the Kingdom of Saudi Arabia for each Hajj season (2013 requirements below) Check the updated regulations here: <http://www.moh.gov.sa/en/healthawareness/hajj/Pages/default.aspx>

meningitis

Visitors from all countries are required to submit a certificate of vaccination with the quadrivalent (ACYW135) vaccine against meningitis issued no more than 3 years and no less than 10 days before arrival in Saudi Arabia. Any accompanying children under 2 years, will need two vaccinations 3 months apart to obtain adequate protection against the disease.

flu

The Saudi Ministry of Health recommends that international pilgrims be vaccinated against seasonal influenza before arrival into the Kingdom of Saudi Arabia, particularly those at increased risk of severe influenza diseases, including pregnant women, children under 5 years, the elderly, and individuals with underlying health conditions such as HIV/AIDS, asthma, and chronic heart or lung diseases.

MERS-COV—since July 2013 the Saudi Ministry of Health recommends that elderly (above 65 years of age) and those with chronic diseases (e.g. heart disease, kidney disease, respiratory disease, diabetes) and pilgrims with immune system deficiency, terminal illnesses, pregnant women and children

MERS-COV Middle East respiratory syndrome coronavirus

PUBLIC HEALTH ENGLAND recommends pilgrims ensure that their routine immunisations are up to date. This includes MMR, tetanus and polio.
